

MEMBERSHIP APPLICATION AND FORM

Thank you for your interest in the **College Women's Club (CWC) of Montclair**. Our organization is dedicated to empowering women and girls, to furthering the advancement of women through education, and to bolstering the strength of our communities through access to books and education.

Our primary community activity involves our twice-yearly Book Sales, where we sell donated books, music, and movies to raise money for college scholarships for local public high school senior girls. The Book Sale is an essential community project that encompasses CWC members, as well as student and community members who may donate to us and/or volunteer with the sale process.

The whole community benefits from our project: eligible local girls receive needed scholarship funds; community members have a wonderful place to donate their items; the general public (families, students, teachers, everyone) can find great treasures at accessible prices; and volunteers of different backgrounds and ages enjoy getting to know one another and being part of such an important community project.

CWC also offers other activities, such as speakers and special interest groups.

Membership is open to anyone holding an associate or equivalent (such as RN), bachelor's, or higher degree or certification from an accredited college, university, or other post-secondary institution.

Your full name: _____

Address: _____

Phone #: _____ Cell #: _____
