

MEMBERSHIP APPLICATION

Thank you for your interest in the College Women's Club of Montclair (CWCM). We are dedicated to empowering women and girls, furthering the advancement of women through education, and bolstering the strength of our communities through access to books and education. CWCM offers a range of activities, such as speakers and special interest groups.

Our primary community activity involves our twice-yearly Book Sales where we sell donated books, music, and movies to raise money for college scholarships for local girls. The Book Sale is an essential community project that encompasses CWCM members, as well as student and community members who may donate to us and/or volunteer with the sale process.

The whole community benefits from the Book Sale: eligible local girls receive needed scholarship funds, community members have a place to donate their items, the general public finds great treasures at accessible prices, and volunteers of different backgrounds and ages enjoy getting to know one another while being part of such an important community project.

Membership is open to anyone holding an associate or equivalent (such as RN), bachelor's, or higher degree or certification from a regionally accredited college or university.
